CASUAL CASINO DIVESTMENT

by Spigo®

Spixx.com

Casino platform with software and games
including a LGA class 3 license

ABOUT SPIGO

To read more about the owner of Spixx.com visit www.spigoworld.com

SUBJECT OF DIVESTMENT

Spixx.com is an online casino based on casual games. The subject of divestment includes casino software with source code, user database and a class 3 license from the LGA.

REASON TO DIVEST

Spigo has decided to solely focus on developing gaming software instead of being both a developer and an operator. Based on this strategic decision, Spigo is looking for an acquirer for the operational branches of its business.

PLAYERS

- 24,165 registered players
- From top user value regions like the Scandinavian countries, France, Germany and The Netherlands
- More than 6,000 unique visitors per month
- Facebook page with 585 likes

WEBSITE

- Translated into 9 languages: English, German, French, Spanish, Swedish, Dutch, Norwegian, Finnish and Danish. Easy to add even more languages
- Available in 6 currencies: EUR, GBP, SEK, NOK, DKK and CHF. Easy to add new currencies
- White label partnership potential (incl. separate bonus systems)

#1 rank on Google search for “Play Yatzy for money”

#1 rank on Google search for “Play Ludo for money”

GAMES

- Spixx offers 5 games: Ludo, Yatzy, Bingo, Banko and Spingo
- Low competition on the well-known games of Ludo and Yatzy which gives Spixx a unique position in the gambling market
- Holds a class 3 license from the Lotto and Gaming Authority (LGA) on Malta

REVENUE

- 402 depositing players in 2013
- Total turnover in the games in the last quarter of 2013 was 166,500 EUR
- Current rake set to 10% but can be adjusted

ADVANCED DASHBOARD

The dashboard serves as an entry point for managing the application. You will find a detailed but yet easy-to-use administration panel including important areas such as listed below.

- User administration
- VIP user segmentation
- Customer service
- Bonus system
- Payment transaction overview
- E-mail system
- Resource management system
- Content management system
- Fraud screening system
- Game history database
- Business reports
- Affiliate program
